REQUEST FOR CORRECTION OF FILING RECEIPT

Dear Sir:

In reply to the Office's Response to Request for Corrected Filing Receipt mailed 08/07/2003, Applicant submits the following request for correction of filing receipt. According to the response, Applicant's first request for correction of filing receipt was denied because:

The application(s) to which priority is claimed were filed over a year prior to the filing date of this application. Therefore, the reference application(s) cannot be claimed as domestic or foreign priority. PCT/RU01/00247 & RU2001107867.

However, the Office's basis for denying Applicant's first request for correction of filing receipt is inapplicable. Applicant properly claimed the benefit under Title 35, United States Code, §365(c) of a PCT International application, designating the United States at the time of initial filing. Applicant timely entered the PCT National Phase within thirty (30) months of earliest priority date. Subsequently, Applicant is entitled to the benefit of the filing date of the previously filed international application.

As Applicant's PCT international application, which claimed a priority date of March 27, 2001 based on a prior filed Russian application, was filed June 21, 2001, the requirement set forth in the above-indented paragraph does not apply to the foregoing request for correction. The undersigned hereby requests that the **Foreign Applications** be amended on the filing receipt and in the record of the above-mentioned application as follows:

PCT/RU01/00247 – 06/21/2001
Russian Federation RU2001107867 – 03/27/2001

A copy of the original filing receipt is enclosed. The issuance of a corrected filing receipt is respectfully requested.

I HEREBY CERTIFY that this Request for Correction of Filing Receipt is being deposited with the United States Postal Service by First Class Postage in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on October 9, 2003.

** SMALL ENTITY **

Title

Device for air cleaning from dust and aerosols

Preliminary Class

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
